We have recently acquired Catherine Brown's services in relation to renovating and staging our home for sale. She has provided exemplary professionalism in all aspects of the process starting with a 20 page written document outlining the various details that required our consideration.

We were particularly impressed with her communication skills and her attention to detail. She offered multiple levels of service depending on our comfort level. Her choice of colors and accessories were very appropriate for the market we were trying to target. Catherine participated perfectly with the team of painting and general contractors to help coordinate outcomes. She also worked independently by purchasing staging and accessory items on our behalf.

All in all it has been a very pleasant experience and we have learned the importance of obtaining professional advice and services that relate to proper goal management.
